Guidelines on extending the validity of seafarers' maritime documents in the period of COVID-19 emergency state

Due to the withdrawal of pandemic state and introduce from 16th of May 2022 an emergency state over the whole country and extending spread of SARS-CoV-2 virus (causing COVID-19) and the measures to prevent, counteract and fight COVID-19 in Poland and other countries, and

having regard the restriction obliged to the governmental offices and accessibility for the citizens introduced by the Council of Ministers, and

following the guidelines set out in Circular Letters No.4204/Add.5 of 17 March 2020 of the International Maritime Organisation on Guidance relating to the certification of seafarers, and No.4204/Add.10 of 22 April 2020 on the Joint Statement IMO-WHO-ILO on medical certificates of seafarers, ship sanitation certificates and medical care of seafarers in the context of the COVID-19 pandemic, and

having regard to the exceptional and extraordinary circumstances, and also

based on the art. 15 zzzt and art. 15 zzzt¹ of the Act on 2nd March 2020 on the extraordinary measures related to the prevention, counteraction and combating COVID-19, other infectious diseases and emergencies caused by them (Polish Journal of Laws from 2021, item 2095 as amended),

the Minister of Infrastructure introduces the following guidelines for seafarers, shipping companies and maritime authorities and, for information, to other countries' administration and control bodies.

Seafarers holding certificate of competency or certificates of proficiency that have expired or will soon expire, who meet the conditions for revalidation under the provisions of the relevant Regulation¹, may apply to maritime offices on-site or electronically. Detailed information can be found on the websites of maritime authorities.

emergency state introduced in Poland will be revoked. Such an extension does not require any separate official confirmation².

- 1.2. Certificate of competency that expired on 1 March 2020 or later and cannot be revalidated due to exceptional circumstances resulting from COVID-19 outbreak remain valid for a period of 90 days after the emergency state introduced in Poland will be revoked. Such an extension does not require any separate official confirmation².
- 1.3. The above extension applies primarily to seafarers who due to the imposed restrictions may not return to the country and revalidate their certificate of competency or certificates of proficiency, or to those who may not attend the refresher training or pass the revalidation exam due to the restrictions.
- 1.4. Due to the extraordinary circumstances of such an extension, seafarers holding documents that have been extended under this procedure should, where possible, immediately, as soon as possibly remedy all deficiencies, as required, in order to revalidate their documents in accordance with the provisions of the Regulation¹.
- 1.5. Seafarers staying at the country and their certificate of competency or certificates of proficiency have expired or will soon expire, shall immediately revalidate their personal documents as soon as possible.

2. Medical certificate

- 2.1. Medical certificate issued by medical practitioner (recognised by maritime administration) have expired from 1 March 2020 or will expire within the emergency state introduced in Poland resulting from COVID-19, it is deemed valid for a period of 60 days after the introduced state will be revoked³.
- 2.2. Seafarers are obliged to hold such medical certificates with expired validity and obtain new ones as soon as possible.

3. Extension of contracts

- 3.1. On a case-by-case basis, shipping companies or employment agencies (acting on behalf of a shipping company) that encounter problems with repatriation of seafarers after the deadline set in the seafarer's employment agreement (drafted in line with MLC) may extend the agreement for the maximum period of three months. This period may possibly be further extended if the situation resulting from the epidemic does not allow repatriation.
- 3.2. Overall period of continues shipboard service must not exceed 11 months.⁴
- 3.3. If a seafarer's employment agreement needs to be extended, an annex should be concluded, providing the seafarer with the same working conditions as in the agreement.
- 3.4. In the case of such an extension, shipping companies operating vessels that fly the Polish flag and employment agencies placing seafarers to work on vessels flying the Polish flag are required to provide the data of the seafarer(s), including the data on the current agreement validity periods, to the directors of maritime offices competent for the vessel's port of registration, to the e-mail addresses of the Flag State Inspections.
